QUA	MEASURE	INGREDIENT	PROCESS
2	Oz	Whiskey	
1	Tsp	Sugar	
1	Oz	Fresh Lemon Juice	
1	Large	Egg White	OPTIONAL
1	Wedge	Orange	
1	Cherry	From Recipe: Cocktails - Real Maraschino Cherries	

PREPARATION

FACTOID	It's Friday afternoon, and if you're lucky you've got about 60 hours before you have to think or speak for anybody else again. Time for the Whiskey Sour -- the comfortable T-Shirt of cocktails.
NOTE	If you are antsy, use a Pasteurized Egg.
1	Pour the Whisky, Sugar and Lemon Juice into a cocktail shaker, fill with Ice and shake for 10 seconds (if using the Egg White, give it a little extra muscle and a little extra time). Strain it into a chilled cocktail glass, or into an ice-filled Old Fashioned glass. Garnish with a Cherry or two, a slice of Orange, or everything or nothing at all.
